Who was Dwynwen?

Dwynwen was one of 24 daughters of King Brychan Brycheiniog, she was the most beautiful one of all.

The king had arranged for her to marry somebody else, but Dwynwen fell in love with Maelon Dafodrill. Maelon was very angry about not being allowed to marry Dwynwen, so angry that he attacked her.

Dwynwen ran away into a forest crying and pleading to God to let her forget about Maelon. When she fell asleep, an angel came to her in her dream offering her a potion that would delete any memory of Maelon and turn him into ice!

Before drinking the potion Dwynwen got 3 wishes. She wished
1 - that Maelon wasn't turned into ice
2 - that God would fulfil the dreams and hopes of those that are in love
3 - that she would never have to marry.

Her wishes came true and to thank God, Dwynwen became a nun for the rest of her life. She built a church on an island - Ynys Llanddwyn.

On the 25th of January in 465 Dwynwen died on Ynys Llanddwyn. We remember that day by showing our love for somebody with a card, a present or a Welsh love spoon.
